### New school immunization requirements

New immunization requirements were put into effect at the beginning of this past school year, said the Ansbach Middle/High School Nurse, Michele George. She said the Hepatitis A vaccine is now available but that parents need to en-

sure their children have the first dose administered by the start of next school year in order to attend.

George said parents need to take their children's immunization record to their local medical treatment facility for review to ensure that they can provide the school with an up-to-date copy no later than Aug. 27--the first day of the next school term.

Most students will only need their first dose of Hepatitis A administered as they should be up to date on all other immunizations. If they have already received their first dose and six months have passed since it was administered, the second dose should be administered prior to Aug. 27.

Also, for children who haven't had Chick-enpox, the Center for Disease Control recommends that students who received one dose of Varicella vaccine prior to age 13 should now receive a second dose to provide immunity into adulthood. For more, call George at 467-2519 or 09802-83-2519.

## Scam targets military spouses

**HEIDELBERG, Germany** – The American Red Cross and the Army's Community and Family Support Center are warning military spouses about an identity-theft scam that targets Family members of deployed troops.

The scam involves a person with an American accent calling a military spouse, identifying herself as a representative of the Red Cross, and telling the spouse that her husband was hurt in Iraq and was medically evacuated to Germany.

The caller then says that doctors can't start treatment until paperwork is completed, and that to start the paperwork they need the spouse to verify her husband's social security number and date of birth.

American Red Cross representatives typically do not contact servicemembers or Family members directly and almost always go through a commander or first sergeant, said Deborah Goldberg of

the Red Cross.

Family members are urged not to release any personal information over the phone if contacted by unknown individuals, including confirming their spouse is deployed. Additionally, Red Cross representatives contact servicemembers or their Families directly only in response to an emergency message initiated by a Family member.

Plus, the Red Cross does not report any type of casualty information to Family members—the Defense Department handles those matters. It is a federal crime, punishable by up to five years in prison, for a person to fraudulently pretend to be a member of, or an agent for, the American Red Cross for the purpose of soliciting, collecting, or receiving money or material, according to organization officials. People who receive such calls are urged to report it to their Family readiness group or military personnel flight.
